

We need our Klove. if you changethe format to lpfm we would most likely lose it. We consider Klove a vital part of our daily life. Were we to lose Klove it limit our radio listening choices to mostly secular, this is not a choice we can live with . Please do not change the format to lpfm. Klove is our way of worshiping God on a daily basis no matter where we are (home, work or play.) Thank you Greg and Cherry Paley
